

# Dispenser for CAR

## STANDARD FEATURES

- Stand-alone design
- Power coated High-style cabinet
- Electronics controlled internal sequencing
- Easy-to-read backlight displays
- Safety barrier and Power protection
- Coriolis-type mass flow meter
- Temperature-pressure compensation
- In-line safety breakaway
- Custom silk-screened display panels in any language or units.
- Ability to interface with most POS and card reader systems

## SPECIFICATION

- System Accuracy :  $\pm 5\%$
- Range of Flow Rate : 1~70Kg/min
- Fill Pressure : 3000/3600 psig@70°F
- Inlet MAWP : 5000psig(345 bar.g)
- Temperature rating : -40 ~ 50
- Power supply : 110 ~ 230VAc, 50/60Hz

## OPTIONS

- Hoses : Single/Dual
- Sequencing : 1/3 line
- Valve : Electrical Solenoid/Actuated ball
- External Shut off Valves
- Dual display
- ESD Switches
